

Company Portal Changes

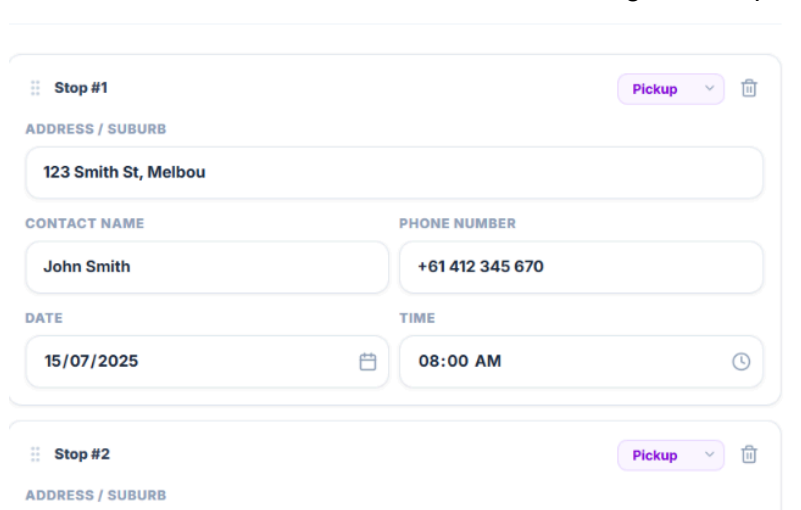

- Sidebar: Please move “customers” tab and have it under loads

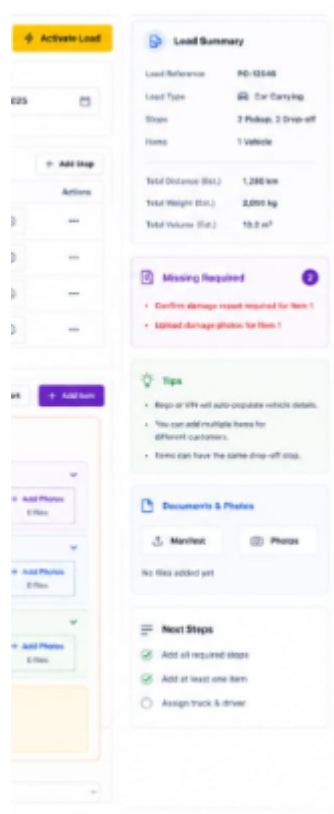

- When I open Loads and loads inbox - They are both the same page

- Command Centre is DONE
- Loads List - DONE
- Loads Details - DONE
- Create loads Page -
 - We should be able to move and re-arrange the stops if we require

A screenshot of a form for creating or editing a load. It contains two sections, "Stop #1" and "Stop #2". Each section has a "Pickup" dropdown menu and a trash icon. The "Stop #1" section has fields for "ADDRESS / SUBURB" (123 Smith St, Melbou), "CONTACT NAME" (John Smith), "PHONE NUMBER" (+61 412 345 670), "DATE" (15/07/2025), and "TIME" (08:00 AM). The "Stop #2" section has a "ADDRESS / SUBURB" field.

- This side section is missing

- AI Load Builder
